

Tis the season to Shop Local

While you are making a list and checking it twice;
looking for gift for those have been naughty and nice;
please remember this don't make me tell you twice;
hand crafted art has come to your town.

We've been working while you are sleeping
We've been working when you're awake
We know you need to go shopping
So be good come out and take a look for goodness sake!

If this is not enough motivation then perhaps a
list of places that are supporting the local art scene
this holiday season will provide the final nudge to get out there.
